Wood's Hair Restorative, and gentlemen of the press are unanimous in its praise, A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall Street, New York, Dec. 20th. 1858.

Gentlemen:—Your note of the 15th inst., has been received, saying that you had heard that I had been benefitted by the use of Wood's Hair Restorative, and lequ sting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think edue. My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years it began to turn gray, and the scalp on the

hair auburn, and inclined to curl. Some ave or six years it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me

bald.

In this unpleasant predicament, I was induced to try Woods Hair Restorative, mainly to arrest the falling of of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and se-in-bility to the scalp, and dandruff ceased to forms my head, very much to the gratification of my wife at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it if growing grey or getting bald. Very respectfully, BEN. A. LAVINDER.
